## INTRODUCTION

Ever since the Binford Reunion was started some thirty years ago our interest in the Binford family has grown. Some twenty years ago we gathered the names of the James Binford family and diagrammed them into a family tree, but we did not, at that time, gather the dates that are necessary to put it into book form. Since that time Arlington Binford put the Chappell Binford family into diagram and David Binford the Aquila Binford family. Aquila H. Binford, of Thorntown, started to get the Peter Binford family, getting two generations, when he died, and did not leave us any addresses so it has been hard to get hold of that branch, but the past year, through the kindness of Benjamin Johnson Binford of Pierre, S. Dak., Albert Judson Binford of Beamer, Iowa, Aquila Johnson Binford of Albion, Iowa, Angelica Binford of Marshalltown, Iowa, Martha J. Binford of Los Angeles, Calif., and Lucia Binford of Salem, Ohio, we have most of the Peter Binford branch.

Margaret Martin of Farmville, Virginia, has kindly given me the Joseph Binford branch of the Thomas Binford family. Mrs. Joseph R.

Harrier Bookkeeper 27.50 (2x10/5)

## BINFORD FAMILY GENEALOGY

Binford of Peoria, Ill., and John A. Binford of Waller, Tex., have given me the John Mosby Binford branch of the Thomas Binford family, Lloyd Tilghman Binford of Memphis, Tenn., the James Binford branch of the Thomas Binford family. Jesse H. Binford of Richmond, Virginia, has given me the Wm. A. Binford branch of the Thomas Binford of Goochland County and Rea De Los Thomas of Lynchburg, Virginia, the Walter Binford branch of the same Thomas Binford of Goochland County. Much of this Thomas Binford family I have not yet been able to get hold of. In gathering dates from the James Binford branch the past two years, since it was decided to have the book printed, I am indebted to Ella McIlveine, Lizzie B. Stone, Charles S. Winslow, Lucy Hiatt, David Binford and S. Murray Parker of Carthage, Wm. H. Binford of Greenfield, and Eli G. Binford of Carmel. Ella Body of Watseka, Ill., did fine work on the Elza Butler family and the John and Benajah Binford families of the Benajah Binford branch, who went to Iowa in 1850, have all responded fine in giving their families. One could never make a book on genealogy without kind helpers.

Our authority is based upon the Quaker records of the old Virginia meetings stored in the vaults of Baltimore; the records in the Land Patent Office in the State House and the files of the State Library of Richmond, Virginia

## BINFORD FAMILY GENEALOGY

and the finely kept family records we find in some old family Bibles—Angelica Binford, widow of Thaddeus of Marshalltown, Iowa, has the Joseph and Margaret Ladd Binford—Thaddeus' parents, family Bible, which has been a jewel for dates. With all of this help we do not claim perfection; we may have made many mistakes, but with the knowledge at hand we have put it together according to our best judgment. We hope some one who can correct our mistakes will do so and give us a more perfect history. We think the modern part is correct, but some of the early history may not be exact. We ask our friends to correct us if they find it is not.

Let us say here how much we appreciate the careful and faithful work of our typist, Mary Ruth Bridges (No. 1915).

# BINFORD HISTORY

James Binford of Richmond, Virginia, found in the English Blue Books one Joe Binford came to America on a certain vessel from England in 1635. This is the first Binford we find mentioned in the records in the United States. All the Binfords came from England. They lived in Kent County. Some have come over long since the first ones came.

In the Land Patent Office of the State House in Richmond, Virginia, I find one Anthony Binford received 320 acres of land in Lower Norfolk County, Virginia, from Governor Berkeley on Nov. 5, 1665. The same books show that John Ladd received 7,524 acres in Lower Norfolk County, Sept. 24, 1667. Thus early in history do we find the Binfords and Ladds living side by side and becoming warm friends. The marriages between the two families are so numerous that it is almost as one blood. On 4th mo. 7th, 1700, at a Monthly Meeting held at William Porter's, William Ladd—a son of John, who entered the 7,524 acres—and Huldah Binford proposed their intentions of marriage with each other for the

## BINFORD FAMILY GENEALOGY

second time, it being published the first time at Merchant's Hope meeting 2nd mo. 9th, 1700. I find elsewhere that the marriage was consummated on 6th mo. 18th, 1700. This long period of waiting practiced among the early Quakers gave them sufficient time to consider their action, so they need not change their minds. Huldah Binford probably was a daughter of Anthony—at least John Ladd and Anthony Binford secured neighboring farms within two years of the same time. William and Huldah Ladd were very devout Quakers. Wm. Fathergill says in his memoirs that he many times attended a meeting which was accustomed to be held in their house.

On March 4, 1703, Queen Ann and William Randolph granted a patent to James Binford for 261 acres of land south of James River in Prince George County at the price of 2 lbs. of tobacco per acre. This patent was made at the court house in Charles City County on the above date and was signed over by Alexander Spotswood, Lieutenant-Governor of the Dominion of Virginia, at Williamsburg 6th mo. 16th, 1714. Later James Binford is granted 150 acres. This James Binford fits in nicely to be the son of Anthony, the brother of Huldah and the father of John, Thomas and Peter. Charles City County included all of Prince George County before 1703 and their records were burned during the Civil War, so we lose out on

## BINFORD FAMILY GENEALOGY

some of the county records. And the Quaker records at Baltimore on which we depend for much of the family history do not go back quite that far.

We have from the Land Patent Office that Peter Binford was granted 400 acres of land in 1735.

“William Gooch George II in Eleventh year of his reign deeded to Peter Binford 400 acres of land in New Kent Co. The deed was made at Williamsburg, the seat of the Dominion of Va., not the County seat, 400 acres for 40 shillings of good and lawful money. The deed says he shall pay a fee rent of one shilling for every 50 acres or proportionate part thereof, every year upon the feast of St. Michael, the archangel. Also he shall cultivate 3 acres out of every 50 within the next three years after the land is granted or the land reverts back to King George.”

Grant was signed over Jan. 2, 1737.

This, we think, was our Peter and Rebecca, the ancestors of a large branch of us. We believe Peter, John and Thomas were brothers; every reason justifies the belief though we have not the positive statement. Our grandfather belonged to John's family, our step-grandmother to Peter's. We remember them well. They always said they were cousins, this

## BINFORD FAMILY GENEALOGY

makes them 2nd and 3rd cousins; not so close as we grandchildren supposed, but it can not be closer. The will of the brother Thomas was found the past year. He mentions his brother Peter of Prince George County and nephew James—who is the son of John.

“In the name of God, Amen. I Thomas Binford of the County of Henrico, being sick in body but of sound and perfect mind and memory, do make and ordain this My Last Will and Testament in manner and form following, Viz: First, I give and devise unto my son John my Tract of Land on Poquimons River in North Carolina containing 150 acres and one negro boy named Jacob unto him and his heirs and assigns forever, and also one feather bed and furniture, one cow and calf, one sow and pigs, six pewter plates and two chairs.

“Item: I give and devise unto my son James Binford 212 acres of land to be laid off on the lower side of the land I now dwell on, and also one negro boy named Ned unto him and his heirs and assigns forever, also one mare and cow and calf, two sows and pigs, one feather bed and furniture, six pewter plates and two chairs.

“Item: I give and bequeath unto my daughter Prissilla Binford my negro girl named Lydia to her and her heirs forever, one feather bed and furniture and six pewter plates.

## BINFORD FAMILY GENEALOGY

“I give and bequeath unto my son Thomas Binford the remaining part of the land whereon I now dwell, not before devised unto my son James the same being the upper part of my said Tract of Land and also one negro named Jo unto him my said son Thomas and to his heirs and assigns forever, and also one feather bed and furniture, six pewter plates, one sow and pigs, one ewe and lamb and one small gun.

“Item: I give and devise unto my brother Peter Binford 50 acres of land (where he now dwells in the county of Prince George) and to his heirs forever, provided he pay to my executors the sum of fifteen pounds current money.

“Item: I give and bequeath unto my loving wife, Elizabeth Binford, my negro woman named Jenney to her and her heirs forever. Item: I give and bequeath to my loving wife, Elizabeth Binford, the use of my three negroes named Diver, Fikes and Nan together with their increase during her natural life, together with all the residue of my estate and after her death to be divided among my four children, Bettie Kinsie Binford, Sarah Binford, William Binford and Mary Binford.

“Lastly I constitute and appoint my loving wife Elizabeth to be executrix and my two sons John and James and my nephew, James Binford executors. In witness whereof I have set

## BINFORD FAMILY GENEALOGY

to my hand and seal this 22nd of March Anno.  
Dom. 1752.

Thos. Binford (Seal)''

Filed at June Term of Court, 1752.

To those of us who have never known anything about the slavery question, except as we have read it in our books, this will is interesting; but we have not copied it on that account; but to show that Peter, Thomas and John were brothers. Either of the other two brothers writing a will in 1752 would have made a similar one. A good slave was worth at least \$1,000.00, a most valuable piece of property. Labor was the great demand to get the wealth out of the land. All of these Binford were Quakers. Whether Anthony Binford and John Ladd were convinced of that doctrine before they came to America, when George Fox was only 41 years old, or whether they were convinced when he visited the Virginia meetings in 1672 we have not been able to learn, but certain it is that their two children, William and Huldah, were among his most ardent followers.

About the time of the active life of these three brothers John Woolman began preaching among the American Quakers that slavery was wrong. The question was very hotly discussed in the church and out. About 1800 the anti-slavery side got the lead in the church and all Quakers in good standing freed their slaves.

## BINFORD FAMILY GENEALOGY

This left an unpleasant feeling and division among the Quakers and split up families. The John Binford descendants had crossed the border into Northampton County, North Carolina, about 1800 to get more land for their increasing families. In 1826 they came in a body to Rush and Hancock Counties, Indiana. The Peter Binford family divided, a part came to Boone and Montgomery Counties in 1821 and a part into northeastern Ohio in divisions. These two families stayed with the Quaker church. The Thomas Binford family remained with the south, some of them stayed in Virginia. John Mosby and his brother James went to Athens, Alabama, in 1828 and two of John Mosby's children into Texas in 1857.

In the history of the South they have showed their Binford characteristics in being leaders in government and business affairs, as well as socially. Some of them are wealthy aristocrats to-day. One can not realize what this church and family division meant until you stand on the soil, see their monuments and realize how they have suffered. They were driven from their homes, suffered death and bereavements of all kinds, yet through it all showed their heroism. They suffered immensely more and have more to forgive than we Quakers who picked up in a body and left the South; and when the war came on refused to fight and were allowed to hire our substitutes, which all

## BINFORD FAMILY GENEALOGY

the Binfords in this section of United States did, so that, so far as I know, no Binford of this region fought with his cousins of the South.

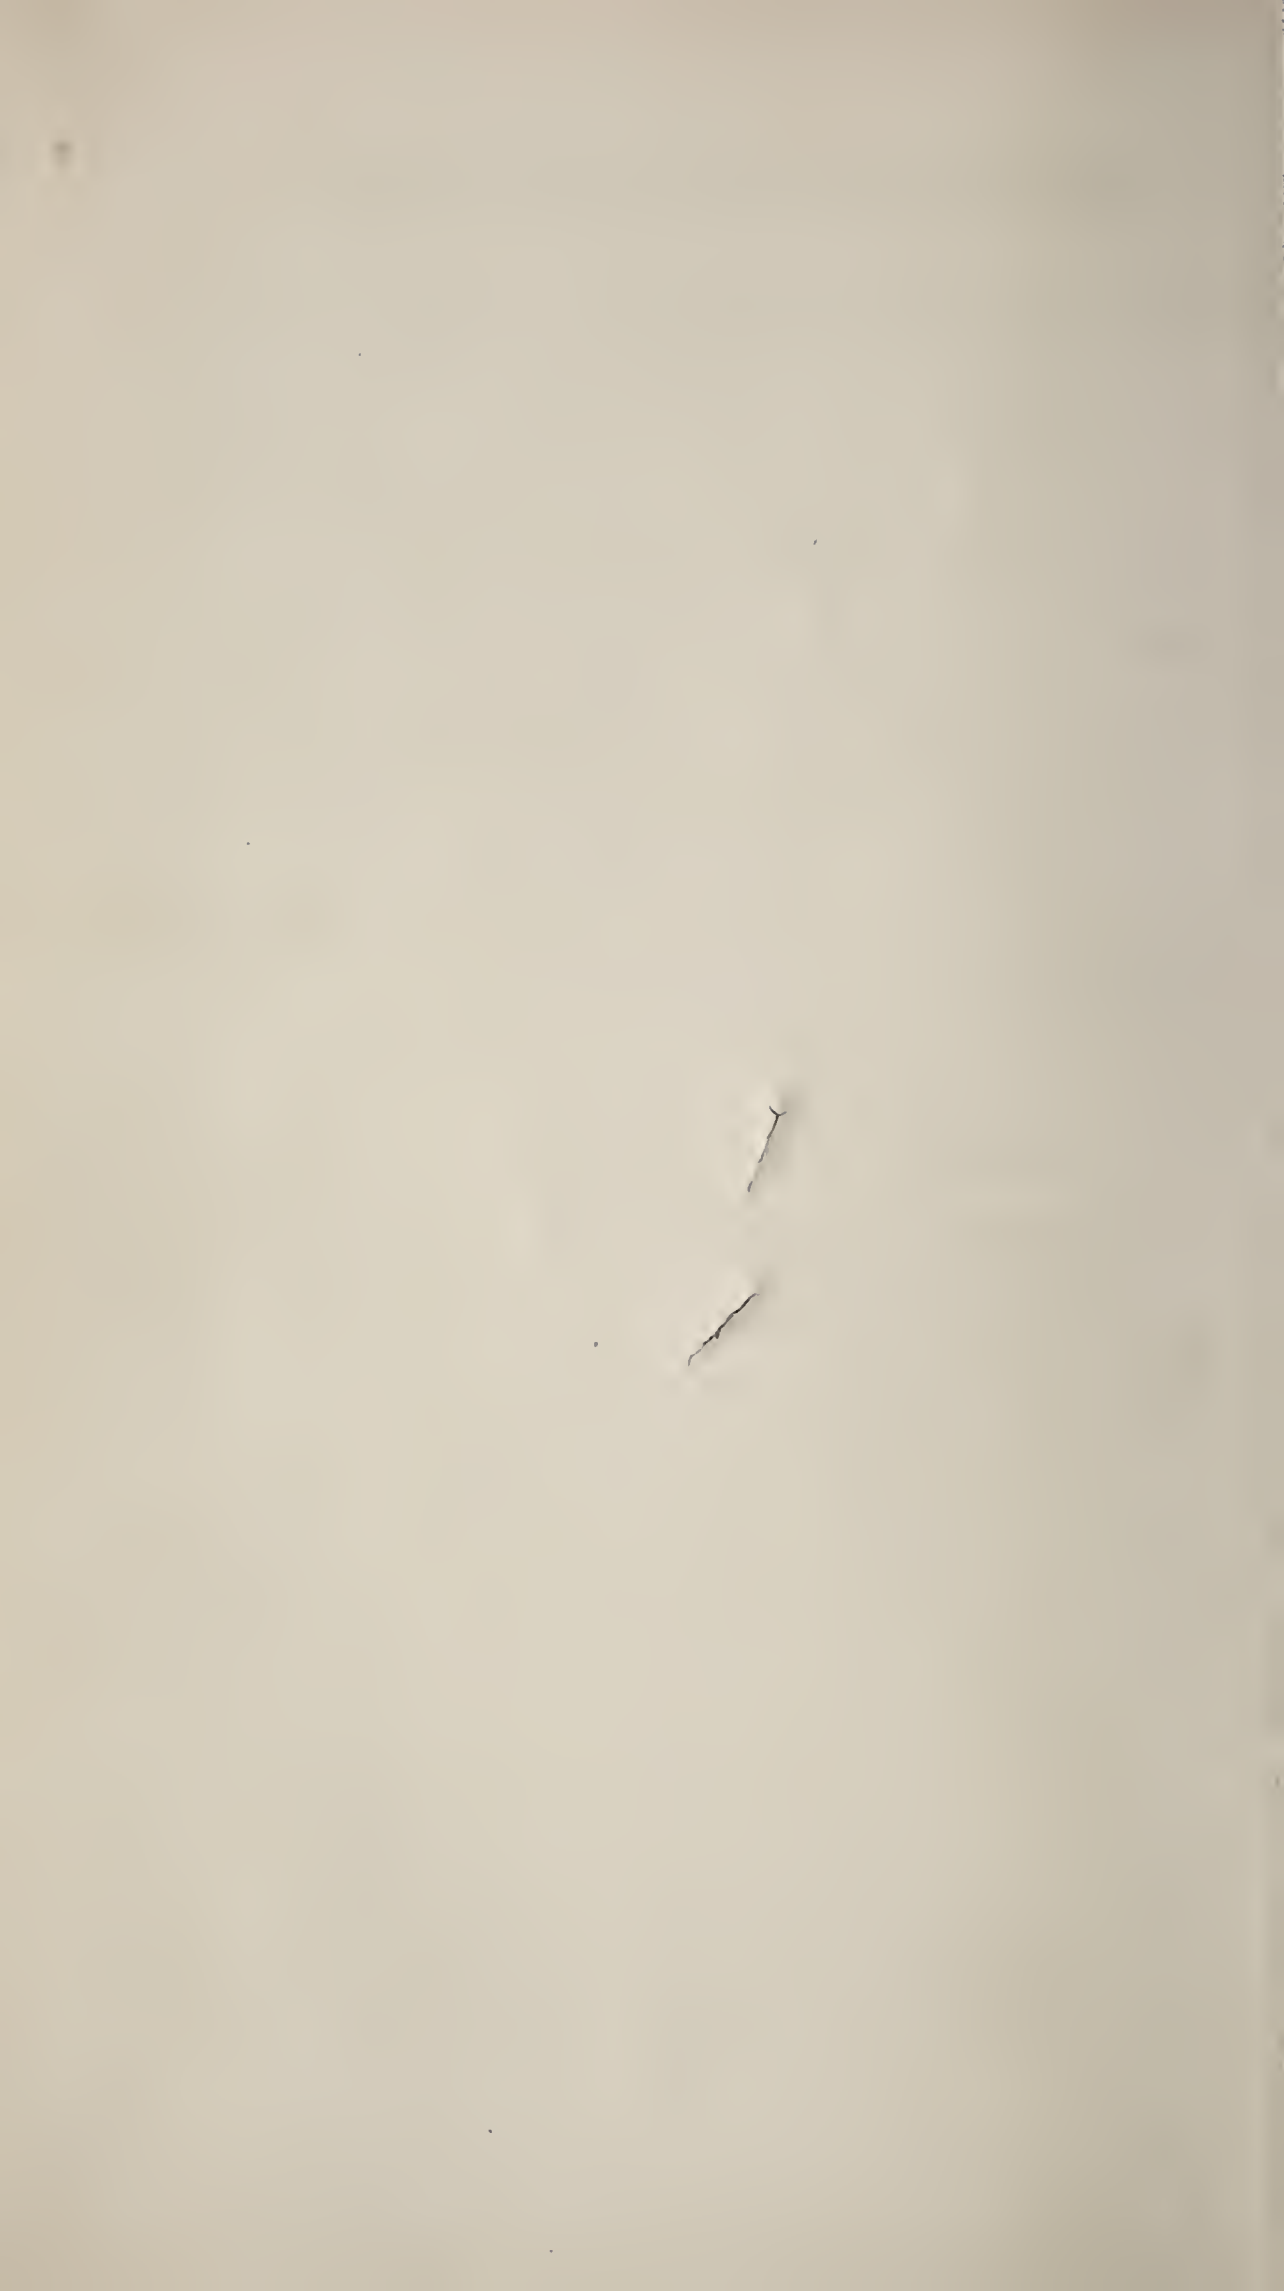

I have stood on the ground in Prince George County, Virginia, where stood a Quaker church where a Yearly Meeting was held and a cemetery overgrown with pine and only a hole here and there to show where the graves had been. Near where the church had stood was a bubbling spring of the most delicious water. A colored woman was washing at a log cabin near by and loaned us her gourd to get a drink. John H. Binford of Disputanta, Virginia, who was our host, said he had entertained a Mr. Hunnicutt there some time previously who had lived in that neighborhood 50 years ago, and he told him who had lived beyond this hill, and that—all familiar names. J. H. Binford says much of the land in Prince George County where he is now buying the pine timber was at one time densely populated by the Quakers. I stood on the land where lived Aquila Binford, oldest son of Peter and Rebecca. John H. was raising peanuts on a farm, the deed to which was signed by the children of Peter and Martha of Boone County.

Many times when I was on Virginia's soil visiting the battle fields and cemeteries and looking upon their wonderful monuments and the sentiment expressed upon them, was I over-

## BINFORD FAMILY GENEALOGY

whelmed by the terribleness of that civil war. It is now two generations past, yet we can never get over the results. I could not apologize for my parents, nor you for yours—they both did what they thought was right, they were brave men—heroes, and we emulate their memory and love them with all that tenderness that comes from blood relationship and the laws of heredity. The sons of Thomas are just as dear as those of John or Peter. “When this mortal shall have put on immortality then shall come to pass the saying that is written, Death is swallowed up in victory.”
